

FLEXA-F

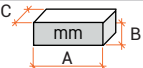

Rigid toolbar row-crop cultivator

Row-crop cultivator with rigid toolbar, available from 3 to 12 rows. Cultivating units with 3 or 5 tines depending on the row spacing. The versions with fertilizer are available with a single stainless-steel tank of 700, 1000 or 2000 Liters capacity.

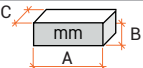

The fertilizer distribution is hydraulically driven except for the 8 rows 75 cm row spacing model which has a mechanical drive.
